REGISTRATION for PARALLEL WORKSHOPS

The number of participants for each workshop is limited to 40 persons.

Please see the **Available workshops** section on the conference site to check the workshops for which there are still places available at the moment of your registration.

At a certain point – which will be announced on the conference page – it could be necessary for every newly registered person to choose from each list more than one workshop and to indicate the order of their preferences (as presumably the number of remaining places will decrease, and this procedure will make it easier for us to offer you the best solution according to your wishes).

For now just please fill in the Registration form with your first option for every list of parallel workshops. In maximum 24 hours following your registration (done via e-mail to the address mentioned below) you will receive an answer. We will confirm the workshops for which you are registered and will let you know if one of the workshops you chose has no more available places. In this last case, you have the option of being put on a waiting list and you will be notified by e-mail if a spot opens that you can fill. However, in this e-mail we will also ask you to express your second and third option for that situation in which you will have no access to your first or even second option.

We would appreciate it if you notified us at the same e-mail address if you wish at some point to give up your place in one of the workshops as this would allow someone else to benefit from it.

Thank you.

Please mark with an X the workshop you wish to attend in each of the groups listed below.

Day 1 – FRIDAY, 2 October	12.00 – 13.30	Your option
Damian McCann – Same-Sex Parenting: Babes in Arms or Babes in The Woods?		<input type="checkbox"/>
